

## AGRICULTURE MERCURIO H

### MERCURIO H

**Colour:** outside brick red, inside black.

**Temperature range:** -10°C + 60°C / +14°F + 140°F.

**Features:** flexible flat hose in special PVC compound stabilized against UV rays. High tenacity polyester yarn reinforcement. Very strong but light and easy to handle. Resistant to many chemicals, to abrasion, weather and ozone.

**Applications:** discharge hose for irrigation used on high pressure pumps for water, fertilizers and acid solutions.
